

ISO 17025 Accreditation

Mechanical Tests:

- Vickers micro-hardness EN ISO 6507-1

Metallurgical Tests:

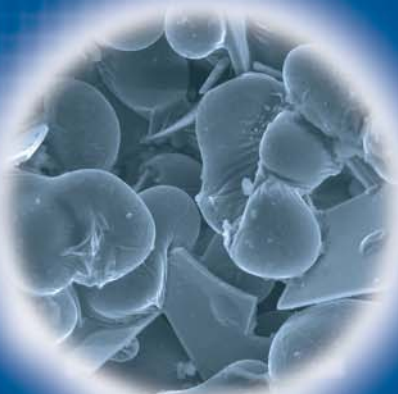

- Grain size ASTM E112
- Corrosion potential ASTM G69
- Exfoliation corrosion ASTM G34 & ASTM G66
- Galvanic corrosion ASTM G71
- Inter-granular corrosion ASTM G67
- Pitting corrosion ASTM G46
- SEM/EDX qualitative analysis in-house method

Physical Tests:

- DSC (melting point and range) in-house method
- Oxide film thickness (FT-IR) in-house method

Coating Tests:

- Paint cure in-house method
- Adhesion ASTM D3359
- Coating flexibility (wedge test) in-house method
- Hardness ASTM D3363
- Impact resistance ASTM D2794
