

Innoval Technology Ltd announces Management Changes

Dr Tom Farley is appointed Managing Director of Innoval Technology Ltd, a light metals consultancy based in Banbury, UK, following a Board meeting held on 11th December 2006. Dr Farley previously held the position of Director and Head of Process Engineering at the company. He replaces Dr Nigel Davies. Dr Gary Mahon, Head of Materials, is appointed Director.

Speaking about his new role as Managing Director, Dr Tom Farley said:

"I am very pleased to be appointed Managing Director at this important stage in the company's life. Innoval Technology is about to enter an exciting period with moves into new markets, which we hope will grow the company and cement us as the number one provider of independent aluminium product and process expertise. Nigel has done a great job, and everyone at Innoval thanks him for his commitment to the start-up and running of the company over the last four years."

Nigel Davies made the decision to step down as Managing Director of Innoval Technology Ltd after almost three years in the position. He is appointed Non-Executive Director to the Board of the company.
